Dear Sir or Madam,

I am writing to express my interest in data scientist role with your company. After visiting your company website, I have immersed myself in your amazing work in AI field.

Since 2018-, while working at , Increased accessibility and the usability of the data by designing a master data source where allthe structured and unstructured data collected under one main source (Hive) and data visualizationbecame easier (Hive , Hadoop , Scala , Data Lake) . Also, ebay - Istanbul , TurkeyOctober 2018 to Built a board where quantitative and survey data used to extract rules to help stakeholders tounderstand the customer behavior and identify actions to improve customer satisfaction (Python , Decision tree , Random forest , Apripori algorithm) .Throughout this project, I learnt how to collaborate and work effectively in a team in order to accomplish a common goal.

The role of data scientist at your company is a promising next step in my career, and one where I'm confident I can advance my skills and create dynamic, innovative AI solutions for more clients than ever before.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new techniques are important to me and success of your organization. I have attached a copy of my resume that details my experience. I can be reached anytime via cell phone, or via email at . Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Yours faithfully,
